FOUNDATION

[YouHaveThePower.ca](http://YouHaveThePower.ca)

You have the power to equip our hospitals with vital technology

Did you know that 100% of Osler's equipment costs must be funded by our community? That's why we need your help.

### Vital signs monitors are essential equipment

#### **Blood pressure. Heart rate. Oxygen level. Temperature.**

These are your body's vital signs that provide doctors and nurses with the information they need to monitor your care and treatment.

Today, Brampton Civic, Etobicoke General and Peel Memorial need more than 500 vital signs monitors at \$5,000 each. From emergency and surgery to oncology, cardiology, paediatrics and more, patients will benefit from the technological advances of these new monitors.

Your thoughtful gift will help to provide the care you and your loved ones need, close to home.

“ The new, state-of-the-art vital signs monitors provide quick and accurate readings to assess a patient's health. They also send that information instantly to the patient's electronic chart, making it immediately available to doctors and nurses. When seconds count, this information helps determine what care is required and how patients are responding to treatment. This is the new standard for taking and recording vital signs. ”

*Dr. Frank Martino, MD  
Chief of Staff  
William Osler Health System*

## Make your gift today

It's easy to make a gift to fund a vital signs monitor by phone, mail or online. Visit [YouHaveThePower.ca](http://YouHaveThePower.ca) to make your gift online and you will receive a tax receipt, instantly. Your vital signs monitor will be put to work right away.

## Make your pledge over time

By making a pledge, you can select a monthly, quarterly or annual payment schedule to meet your needs. Just give us a call at (905) 494-6890 to learn more about this special opportunity to help your hospitals.

## A token of our gratitude

Your generosity matters. It not only enriches your life, it may help save a life as well. That's why we hope to welcome you as an esteemed member of the **Heartbeats** club when you make your gift. And, to express our appreciation and encourage you on your wellness journey, you will receive a Heartbeats Hydration Holster to carry your personal items while you are keeping active and healthy.
